PRESIDENT'S REPORT

The VRWC's activities for 2022-23 took place amid a year of upheaval on the international scene. As a consequence, there are ramifications for domestic competitions worldwide, and Australia is no exception.

The decision by World Athletics and the IOC to replace the planned 35km Mixed teams race with a Mixed Marathon Relay, in which no walker would walk appreciably further than 10km, has rendered distances beyond 20km irrelevant, at least internationally. Gone is any remaining opportunity for walkers geared more for endurance than pure speed to represent their countries, since the coming World Walking Teams Cup in Antalya (TUR) has already followed suit and many countries have also done away with their 35km championships. Meanwhile, Australia's walkers no longer have a December 35km championship as there is no longer any international competition to qualify for. Nor will club walkers, whose goals would extend little beyond triumphing over their own fatigue to finish the course (as in the good old days) have such an opportunity unless clubs make a point of putting on long races purely for this purpose, and hope someone turns up for them. (The 'last bastion', as it were, is the LBG 30km in Canberra, and long may it live.)

We'll get a fair idea in Antalya, then Paris, as to the viability (not to say credibility) of the new event. As for the VRWC, do we embrace the concept, perhaps putting on our own variation of a mixed relay walk (perhaps with shorter legs)? Or do we reject it out of hand and champion the longer distances which, it must be said, we've struggled to get starters for in recent years? There is much to ponder as 2024 rolls around.

The Club was, once again, well represented in overseas competition. A huge cause for celebration was Jemima Montag, who place 2nd in the WA World Championships 20km Road walk in 1:27.16, her first major international podium result. In addition, Declan Tingay got his first major top 10 finish with an 8th place in 1:18.30. Rhydian Cowley achieved his best international 20km result, coming 14th in 1:19.41. Rebecca Henderson, gearing up for the 35km five days later, was 33rd in 1:35.51, while Kyle Swan found the going tough but gave his all for 40th in 1:26.02.

Sadly, a severe back injury put paid to Bec's hopes of starting in the 35km she'd worked so hard for. Rhydian found the five-day turnaround inadequate for the regeneration of his reserves, walking himself literally into the ground when his legs gave out at 25, then 27km. Congratulations to our VRWC internationals. As ever, they made us proud. (Congratulations, also, to NSW's Allannah Pitcher, 21st in the 35km in her first major international.)

On the home front, the VRWC successfully conducted its 2023 Winter program, with one major change from previous years. Following feedback provided in the Member Survey conducted in December, four non-competition days were scheduled in the Winter fixture, giving officials, judges and competitors a break from turning up each week. The response was mixed. While the 'days off' were appreciated by some, it was felt that the continuity and rhythm of the competitive season was disrupted, while the social interaction provided by meeting each week was diminished. Furthermore, the view held by many was that anyone who wanted a week off could simply take one, without others finding competition unavailable to them. One compromise solution is to have two competition-free weeks, each following a busy major championship weekend.

Race attendances illustrated once again the need to boost membership across the board, but particularly in the junior and adult male (20-50 year) age ranges. Clubs across the country – race walking and athletics in general – grapple unceasingly with this issue. Efforts to attract new members through leafleting, bulletin boards and word of mouth have led to enquiries from members of the public which are always responded to. Taking advantage of these expressions of interest when they occur is essential, and we are endeavouring to promote the sport and the club to the full on such occasions.

With Masters participation in athletics in general decline, the future lies in the attraction and development of newcomers at Little Athletics level. Currently we have a keen but small cohort of U10-U18 walkers whose ongoing engagement would be greatly enhanced by their having more age peers to provide competitive racing and social engagement. We are liaising with Little Athletics Victoria through their CEO, Nathan McConchie, with the aim of promoting the sport around the centres and, ultimately, inaugurating a LAVic Winter road walking championship – something other states have had for years. Club coach Mark Donahoo has made himself available for clinics at various centres. Meanwhile, an education session was held for the first time for Centre reps on the theme ‘How to put on a race walking event’. While sparsely attended owing to communication issues, the session was well received and it is hoped to run similar sessions for the benefit of LAVic personnel in the future.

Efforts to attract more interest in taking up race judging continue. International judge Zoe Eastwood-Bryson (SA) conducted two seminars during the year, while our current panel has managed, for the most part, to hold onto its numbers. However, the inevitable losses due to increased age and other factors have to be redressed, if provision in this indispensable element of the sport is to continue satisfactorily.

In May, the Club was the beneficiary of a generous financial bequest from the late Gladys Gleeson, widow of club distance walking legend Jim Gleeson. It is felt that the bequest should be put to work for the direct benefit of the members, one idea being to give the clubrooms a much-needed facelift. The Middle Park Bowling Club has sourced new blinds to replace the old, tatty curtains, and they have offered us new carpets that are surplus to their requirements.

A successful working bee in July finally cleared valuable space in the rooms, laundry and in the storage shed, which one had often taken life and limb into one’s hands entering. The relocated shelving and plywood paneling has markedly increased the facility of the shed and enabled the installation of a washing machine in the laundry.

In closing, I wish to thank all those who have contributed in whatever way to the successful running of the Club and its activities, to the benefit of its members. (See the list below for all those whose names we had down as race-day officials. My apologies if you went unnoticed ... be assured your contribution didn’t.)

.....cont’d

In particular, my thanks to Club secretary Terry Swan, whose unceasing efforts have seen, amongst other things, the installation of a modernized online Membership and Race entry portal, along the lines of that employed by Athletics Victoria. Thanks also to our Committee members, including Treasurer Karyn O'Neill, handicapper and race secretary/manager Mark Donahoo and Life members Bob Gardiner and Tim Erickson for their race-day efforts and problem-solving expertise.

SECRETARY'S REPORT

In 2023 we migrated our club database to the Revolutionise Sports Platform, the learning curve was steep, but as a committee we felt it was time to use a product that most were already familiar with and a system that provide multi user input and a common administration platform, whilst it was a new cost to the club, we felt the benefits far outweighed the cost. Unfortunatley, Aths Vic would not allow us to integrate our requirements into the existing AV system, this meant our memerbship base had to register in two systems, not ideal, but worth it.

The working bee was a tremendous help and well attended, we are lucky to have so many will to chip in, even if it was for 15 minutes , it all helped.

The new membership system also presents us with various statistics and reports, and we discuss these items at our committee meetings, for example we have 90 competing members, but can never get more that 42 athletes to the start line, 44 being the largest field this season.

Some Statistics

Competing Members. 90. 42 Male. 48 Female

Average Age 34 years

Youngest 6 yrs

Oldest 87 yrs

525 Event registrations, totalling \$2930 in race fees

Most Competitors 44 -- 29th July. Saturday

Least Competors 17 -- 22nd October Sunday

Together with Atheltics Australia , we managed to get a new course certified, using part of our old “Championship Course”, but now being only a 1 km loop. The feedback from athletes has been good, although it’s a bit of a trek to get our equipment there, but well worth it. This now places VRWC very favourably for large qualifying and national events. We remain the only club in Australia to have a permanent clubhouse and World Athletics certified courses

We encourage anyone to join the committee, we equally welcome new ideas, feedback and assistance from all,

Thankyou...

Club Sponsor Neil Ryan – Runners World –Neil will continues his generous support to the club

Tim Erickson and Stu Cooper for Web master and the weekly Heel & Toe Newsletter

Bob Gardiner for being club handyman and resident fabricator

Mentone Athletics Club, via **Rupert Van Dongen** for the use of their track and facilities.

Thankyou to everyone who helps in some way, from packing up, setting up, sweeping, judging, taking photos, video...your contributions are gratefully acknowledged.

Terry Swan

TREASURERS REPORT
FINANCIAL YEAR - 1 October 2022 - 30 September 2023

The period of October 2022 to September 2023 was again a better year than the last, as this year we have been able to achieve a full racing season as scheduled.

The external event, (both for income and expense) was Lake Burley Griffin Carnival.

The donations as listed are from Heather Carr, being donation of prizes for the prize day, and the Water bottles from the Centenary celebration. Also, the club has received a special bequest from Jim Gleeson, a past member who supported the club in many ways.

The Miscellaneous income was for the Trivia Night and Walks seminar.

Race Fees are down due to less races – to fit in with AV scheduled events.

The Centenary Expenses are for some extras, not previously paid.

Licenses are for Parks Victoria, for the use of our course, and Revolutionise for the use of our new entry system.

The membership is for Australian Federation of Race Walking Clubs.

There are a few items in the Miscellaneous Expenses - flowers for deceased members, timers for the battery chargers, radios for the judges, Trailer registration and cleaning products.

The interest from the Term Deposits is beginning to increase, as the interest rates are increasing.

The Club this year has made a profit of \$9838.06 due only to the bequest that was received.

However, the Club has a sound financial base with which to move forward into the next year, to continue to provide members with the benefits of experience and camaraderie in a sport we all love.

I would like to thank all the committee members for their support. I would also like to thank Mark Donahoo, Heather and Bill Carr, Michael Bodey and the many others who have helped with taking the race entries and fees when able, also Terry and Stuart for helping me through the processes of the official side of the committee.

Please feel free to approach me, if you would like any clarification of any aspect of the club's accounts, and I will do my best to accommodate. The full accounts are available for perusal at any mutually arranged time.

The Balance Sheet and Profit and Loss report for the Financial Year 2022-2023 are included in the following pages.

Karyn O'Neill
