PAUL F DEMEESTER TALKS WALKING

Thanks to US Attorney at Law Paul F. DeMeester for another wonderful article - the 45th – and it's as good as ever. You can see links to all Paul's articles at the bottom of webpage <http://www.vrwc.org.au/save-the-50km.shtml>.

World Athletics Got One Obituary Right, Unfortunately

By Paul F. DeMeester

Bernd Kannenberg, the 1972 Olympic 50K Race Walk Champion, died last month at the age of 78. He was my role model back in 1972 when I first started race walking as a 12-year old. His form was one I wanted to emulate. The pictures of Kannenberg on the finishing straight in the Munich Olympic Stadium - without any loss of contact - and of crossing the finish line, are still etched in my mind. The race was a thrilling one, with Kannenberg and Veniamin Soldatenko together until about the 35th kilometer, the mark where a 50K really starts. That won't happen again, however. Not because Kannenberg is gone and Soldatenko retired. No, it won't happen again because World Athletics was complicit in writing the obituary for the 50K as an all-too-eager sidekick to the International Olympic Committee (IOC) in doing away with the 50K because the event does not satisfy the bean counters in Lausanne. Note that I'm not optimistic about Tokyo 2020 going ahead, which still features a 50K.

The IAAF, as World Athletics was known back in 2017, quietly wrote the 50K obituary early that year. It was a secret document, to be revealed to the world as a press release after the April 2017 London meeting of the IAAF Council. A fortuitous leak of the obituary led to the Council being made aware of what was going on. The Council did not go along and the 50K was safe for the Tokyo Olympics, at least for the men. The fight for the 50K ended up getting us the gender equal 35K at World Athletics top level, which I suppose is better than having only the 20K. The efforts of the past few years have not been a total waste. The legal effort for gender equality in the 50K exposed the IOC as sexist, something to keep in mind when the IOC's obituary is written, an unthinkable prospect until the pandemic came along.

Not a good look for World Athletics that it wrote the 50K obituary before the 50k was actually dead. But Coe and Company did not give up, and eventually, they were able to dust off their 50K obituary to put it to good use. Turns out, it was the only 50K race walk obituary they got right, because they sure managed to botch up Kannenberg's. On 14 January 2021, World Athletics issued a press release about the great German's passing. This is what it said: "*He made one more Olympic appearance, competing in the 50km race walk in 1976, but was forced to withdraw due to cramps.*"

Of course, there was no 50K at the Montreal 1976 Olympics. Back then, the IAAF had a spine and organized its first World Championships just for the 50K. The IOC put the 50K back on the program at the next Olympics. And the World Championships were off to a running start, pardon the pun, much to the chagrin, I'm sure, of the Olympic puppet masters. Kannenberg was not at that 1976 race held in Sweden. He did participate in the Montreal Olympics, but in the 20K. Did World Athletics purposely change the 1976 facts to hide their current spinelessness? Or was it just a typo given that Kannenberg had excelled over both distances in his career? Or maybe, World Athletics just doesn't give a hoot about the 50K anymore.

WALKERS OF THE WEEK

My Walker of the Week returns after a long break, and what better way to celebrate the return than to focus on two of our best young walkers. 22 year old **Jemima Montag** and 18 year old **Will Thompson** were in action in the Supernova 10,000m Track Walk at the George Knott Athletics Track in Clifton Hill (Melbourne) on Sunday morning and both walked massive PBs.

- **Jemima** smashed her Victorian record by over one minute with her time of 42:35.3. This is the fastest time ever walked in Australia and propels her to third place on the Australian all-time list, behind only Kerry Saxby Junna (41:30) and Jane Saville (42:15).
- **Will** surged into Australian team contention with his fourth place finishing time of 41:50.6, a huge PB of nearly 2 minutes and well under the Australian World U20 Championships standard of 43:20.

Both walkers are coached by **Brent Vallance** and are in top shape after spending December at Mt Stromlo and January in Melbourne as part of the Supernova Study camp. It shows the vital importance of group training and having a plan.

Jemima has also been honoured just yesterday, with her name amongst the 25 new **IOC Young Leaders** for the period 2021-2024. Launched in 2016, the IOC Young Leaders programme empowers young people to leverage the power of sport to make a positive difference in their communities. Read the announcement at <https://www.olympic.org/news/twenty-five-new-ioc-young-leaders-join-the-programme>.

STOP PRESS – HOW ABOUT A WALK IN THE COBURG 24 HOUR CARNIVAL?

We had to cancel our 2020 Coburg 24 Hour Track Carnival last year, due to covid considerations. But it is back in 2021, bigger than ever. The Carnival also includes the annual Australian Centurions 100 Mile qualifier, just like always.

If you fancy testing yourself out over a longer distance, we have 3 walk categories – 6 Hour Walk, 12 Hour Walk and 24 Hour Walk. We also host the Racewalking Australia 100km Track Walk Championships. So there are lots of walk opportunities on offer, alongside the usual run options.

We already have VRWC members Marnie Grace and Tracy Colbert who have put up their hands for the Women's 6 Hour Walk. Come along and test yourself out!

The Carnival will be held at the **Harold Stevens Athletics Track in Coburg** on the weekend of **17-18 April**. More info and race entry procedures available at <http://www.coburg24hr.org/24hr>.

ATHLETICS AUSTRALIA AND VRWC TRACK WALKS, CLIFTON HILL, SUNDAY 31 JANUARY 2021

The latest VRWC Summer Series races, at the George Knott Athletics Track in Clifton Hill, gained a huge boost in prestige with the scheduling of the second of two Athletics Australia Supernova Camp Elite 10,000m track walks. This mixed event, which saw 13 competitors, kicked off proceedings at 9AM in absolutely perfect weather (cool, overcast and still). And did the walkers make the most of the opportunity, with 9 PBs, a World Junior qualifier and a new Victorian Record.

Rhydian Cowley and **Declan Tingay** have been leading the walkers out in their recent Melbourne based training camp, and they continued this on Sunday morning with a superb contest out in front. They walked together, swapping the lead regularly and going through the half way mark in 19:50 before kicking the pace down considerably in the second half. Rhydian held on to win with 39:14.6 (second half 19:29), just ahead of Declan with 39:17.4 (second half 19:32). Both walkers recorded PBs.

They were not the only ones to negative split and certainly not the only ones to record PBs. Overall, 9 of the 13 walkers did PBs – that is a superb stat. **Kyle Swan** was next to finish with a PB of 40:28.5, breaking Nathan Deakes' VRWC club U23 record. With the postponed 2020 World Athletics U20 Championships to be held this coming August in Kenya, 18 year old **Will Thompson** surged into Australian team contention with his fourth place finishing time of 41:50.6, a huge PB and well under the Australian standard of 43:20. Then came **Jemima Montag**, smashing her Victorian record again with her time of 42:35.3. This propels her to third place on the Australian all-time list, behind only Kerry Saxby Junna (41:30) and Jane Saville (42:15) and actually better the Australian All-Comers track record as well. Wow! 17 year old **Alanna Peart** also showed her World Junior intentions with a PB time of 48:36, just outside the Australian standard of 48:20. And to round things out, we also saw PBs to **Tim Fraser** (43:09.4), **Corey Dickson** (43:37.2) and **Bec Henderson** (45:20.9). What a set of results!

MINGARA INTERCLUB, MINGARA ATHLETICS TRACK, NSW, SATURDAY 30 JANUARY 2021

The NSW walkers were also in fine form last weekend, at their summer season track competition at Mingara, on the central coast, north of Sydney. **Carl Gibbon** (12:03.15) and **Milly Boughton** (13:37.21) were both in PB form in the 3000m walk. Carl and Milly had won the NSW Open 10,000m track championships the week before, so their good form continues. Note Milly, who has her 15th birthday this month, is certainly walking with a confidence that belies her years.

WARWC ROADWALKS, WILSON, SUNDAY 31 JANUARY 2021

Thanks to Terry Jones for this week's results from the Western Australian RW Club in Perth. Warm morning rising to 30 degrees by the time the last walker finished. And just going back to last week's newsletter when I queried **Melissa Lewis's** Athletics West interclub 3000m walk time of 14:15.86. Terry has confirmed that Melissa did indeed do that time. She has bounced back incredibly well after giving birth last year and is now doing the fastest times of her life.

Emmanuel advises that the French Federation has decided to cancel the Youth Indoor Championship, the cross country national championships, the 20km and 50km national championships (scheduled for 21st March), the National 24 Hour Walk Championship (scheduled for Chateau-Thierry on 27-28 March) and the 24 Hour walk in Bourges. He thinks there may be an elite indoor championship with restricted competitors in Miramas on 21st February, but there is not much else on the horizon.

OUT AND ABOUT

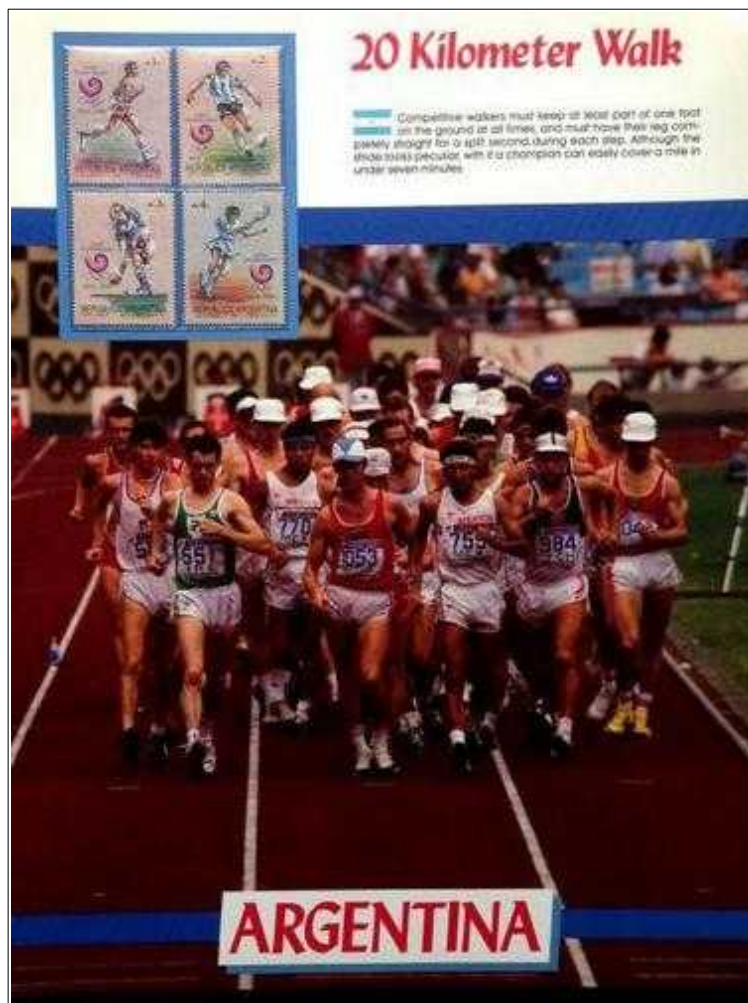

- See the following link for an interview with former UK International racewalker and 5 time Olympian **Chris Maddocks** –
<https://enertor.com/blogs/enertors/5-consecutive-olympics-what-does-it-take>.
- In last week's newsletter, I referred readers to Ron Wallwork's recollections about the shoes he used in his early racewalking career, from the late 1950s onwards. This week, the Lancashire Walking Club publishes Part Two of *Soles, Heels and Toes*, with **Guy Goodair** talking about his efforts in sourcing training and racing shoes in the same timeframe. Gosh, I remember the EB walking shoe and the Adidas Marathon 80. I used both of during my early days. Read all about it at <https://lancswalkingclub.com/2021/01/29/part-two-of-soles-heels-and-toes-guy-goodair-remembers-the-shoes-he-wore/>

A week is a long time in a pandemic. Japanese Prime Minister Yoshihide Suga seven days ago gave his latest vow to hold the Olympic and Paralympic Games this year. The Games were later "cancelled" by an unnamed Government source, before being "uncancelled" by the Japanese Government. Comparisons are understandably drawn between the build-up to the postponement last March and the situation now. Some of the more recent Games related articles.

- Foreign athletes may not be able to take part in the World Athletics Continental Tour meeting scheduled for Tokyo on May 9, which is doubling up as the track and field test event for the re-scheduled 2020 Olympics due to start less than 11 weeks later. See <https://www.insidethegames.biz/articles/1103460/tokyo-2020-athletics-test-event-may-9>.
- The Tokyo 2020 Olympics faces further uncertainty due to the Japanese Government's COVID-19 vaccination plans, with its roll out not expected until late February. This would mean Japanese citizens would only start to receive vaccinations five months before the Games are set to start, on July 23. See <https://www.insidethegames.biz/articles/1103413/tokyo-2020-covid-19-vaccinations>.
- The final Tokyo Olympics artistic swimming qualifier has been postponed due to the current travel restrictions in Japan. The event was scheduled to take place from 4-7 March at Tokyo Aquatics Centre, and was set to be the first Olympic test event with COVID-19 countermeasures in place. FINA has announced that the tournament will now be moved to 1-4 May, in the same venue. See <https://www.insidethegames.biz/articles/1103498/artistic-swimming-tokyo-2020-olympics>.
- The Japanese Government is expected to extend the state of emergency in Tokyo and 10 other prefectures where the coronavirus infection rate remains high until March 7. See <https://www.insidethegames.biz/articles/1103704/japan-to-extend-tokyo-state-of-emergency>.
- And finally a laugh for what can only be described as a ridiculous idea. I just can't imagine the Olympics being relocated to USA, the worse covid basket case in the world. See <https://www.insidethegames.biz/articles/1103497/florida-tokyo-2020-olympic-games-request>.

PHILATELIC UPDATE

I am excited to announce that we have found a further racewalking related philatelic item. Argentina released 4 sporting stamps to celebrate the 1988 Seoul Olympics. Although none of the stamps feature racewalking, a number of sheetlets were produced, one of which featured our discipline. Here it is:
